Fourth Wednesday of each month, 6:30 pm

The Huntington Woods Library is hosting a film program of Oscar winners recognized for their excellence at the Academy Awards. Join Dr. Tara Hayes, the Book Club Professor, for thought-provoking discussions as each of these films exemplifies aspects of what is best about filmmaking. In our discussions of the films as texts, we analyze the technical and thematic components and merits of individual scenes and the films as a whole.

To participate, screen the film in advance of the discussion (copies available at the Huntington Woods Library) and then join us!

Mar 28: Vertigo (1958)

Apr 25: Soft Skin (1964)

May 23: Psycho (1960)

As a critic at Cahiers du Cinema Francois, Truffaut took very seriously the films of Alfred Hitchcock discounted by American critics as popular movies that have no substance. For Truffaut, each Hitchcock film revealed that as a director, Hitchcock had given great thought not only to each creative decision, but also to the potential of his art. As a director, Truffaut's own film oeuvre was greatly influenced by Hitchcock and as a critic he then set out to influence and to change how the world approached and understood Hitchcock. Our program of Hitchcock & Truffaut puts the films of these two masters side-by-side to analyze and to discuss the films themselves, how the films are about cinema and art, and how the films present the film theories of their creators.

Drag Queen Storytime is just what it sounds like—drag queens reading stories to children. DQS captures the imagination and play of the gender fluidity of childhood and gives kids glamorous, positive and unabashedly queer role models. In spaces like this, kids are able to see people who defy rigid gender restrictions and imagine a world where people can present as they wish, where dress up is real.

Story Time focuses on introducing children to the wonderful and exciting world of literacy.

Each story time includes activities from all six aspects of early literacy: Narrative Skills, Phonological Awareness, Letter Knowledge, Print Awareness, Vocabulary, and Print Motivation. In order for all children to enjoy story time and get the most benefit from it, we ask that you arrive on time, silence your cell phone and save conversations for later.

Creating life-long learners is our goal; read early, read often!
